Final Appeal Decision
Secretary's Office of Inmate Grievances & Appeals
 Pennsylvania Department of Corrections
 1920 Technology Parkway
 Mechanicsburg, PA 17050

This serves to acknowledge receipt of your appeal to the Secretary's Office of Inmate Grievances and Appeals for the grievance noted below. In accordance with the provisions of DC-ADM 804, "Inmate Grievance System Policy", the following response is being provided based on a review of the entire record of this grievance. The review included your initial grievance, the Grievance Officer's response, your appeal to the Facility Manager, the Facility Manager's response, the issues you raised to final review, and (when applicable) any revised institutional responses required as a result of a subsequent remand action by this office. As necessary, input from appropriate Central Office Bureaus (e.g., Health Care Services, Chief Counsel, Office of Special Investigations and Intelligence, etc) may have been solicited in making a determination in response to your issue as well.

Decision:	<input checked="" type="checkbox"/> Uphold Response (UR) <input type="checkbox"/> Uphold Inmate (UI) <input type="checkbox"/> Uphold in part/Deny in part		
<i>It is the decision of the Secretary's Office of Inmate Grievances and Appeals to uphold the initial response, uphold the inmate, or Uphold in part/Deny in part. This response will include a brief rationale, summarizing the conclusion, any action taken to resolve the issue(s) raised in the grievance and your appeal and relief sought.</i>			
Response:	Frivolous		
In this grievance, you raise various concerns regarding your medications being discontinued by staff. Staff in the Bureau of Health Care Services reviewed your grievance and medical records and found that appropriate clinical decisions were made. Their review concurs with the initial review response.			
You are encouraged to see the Psychiatric Provider, participate in your treatment plan, and discuss any concerns with your Mental Health Treatment Team. They found no evidence of wrong doing. Therefore, this office upholds the responses provided to you and your requested relief is denied.

RE: Grievance # 728434 – LW2870 – Lamont Zamichieli

In the grievance noted above, Mr. Zamichieli claims various items regarding his medications being discontinued by staff.

I have reviewed Mr. Zamichieli's grievance, along with the appeals, the responses, and medical record.

Based on the review, appropriate clinical decisions were made. Concur with CHCA's response.

Mr. Zamichieli is encouraged to see the Psychiatric Provider, participate in his treatment plan and to discuss concerns with his Mental Health Treatment Team.

No evidence of wrong doing was identified.

GRIEVANCE REFERRAL
(Notice to Inmate)
Secretary's Office of Inmate Grievances & Appeals
 Pennsylvania Department of Corrections
 1920 Technology Parkway
 Mechanicsburg, PA 17050

This serves to acknowledge receipt of your appeal to final review for the grievance noted below. In accordance with the provisions of DC-ADM 804, "Inmate Grievance System Policy", this Office has reviewed the documents submitted; including your initial grievance, the grievance officer's response, your appeal to the facility manager, the facility manager's response, and the issues you raised to final review. Upon completion of this review, it is the determination of this Office to solicit input from an appropriate Central Office Bureau relative to the issue(s) raised in your grievance. Therefore, please be advised that the final review decision will be delayed pending review by the office to which it has been referred. Upon completion of this review, however, a determination will be made and you will be provided with a final appeal decision in writing.

INSTRUCTIONS:

1. Refer to the DC-ADM 804 for procedures on the inmate grievance system.
2. State your grievance in Block A in a brief and understandable manner.
3. List in Block B any action you may have taken to resolve this matter. Be sure to include the identity of staff members you have contacted.

A. Provide a brief, clear statement of your grievance. Additional paper may be used, maximum two pages (one DC-804 form and one one-sided 8 1/2" x 11" page). State all relief that you are seeking.

On 3/19/18 CRNP JESSICA CAUSINS, LPM GROSS, PRT members, acted deliberately in difference to my serious medical mental health needs of obvious disability serious mental illness status of mine. Dismissed against me because qualified mental health disabilities Schizophrenia, PTSD, Anti Social Personality Disorder, Anxiety, ADHD etc which I've been diagnosed since a child, and required medication. CRNP Causins knowingly intentionally maliciously discontinued my Serenquel Psychotropic medication despite of my constant complaints on needed increase due to increased hearing voices and hallucinations etc. She stated her reasons for discontinuing it because my med compliance fell a little bit below 90%. First and foremost there is no reason for her PRT to discontinue my meds because below 90%. In fact all of medical staff falsify documents on med files also due to medication placed. Reherent administering wrong medication to me and Major false misadvent reports, I avoided accepting meds from her based on advice of CRNP Causins as well. Because this nurse tried to poison me again plus it creates more mental health symptoms Paranoia and delirium about accepting poison medication which are all symptoms of disabilities. So I'm being denied access to mental health care because symptoms of disabilities. Plus CRNP Causins said she don't administer meds for sleep, when she asked we have no sleep. I told her not good due to increase of voices keeping me awake. She said I don't look like I need medication because in good of filing grievances/consults on docampers. Based on those Remarks, its believed to be done out of Retaliation plus attempt to take my D-rate because she and PRT refuses to make recommendations for treatment they see and know I need.

B. List actions taken and staff you have contacted, before submitting this grievance. Need advice by beach. This is mental emotional Psychological Physical Abuse Neglect accident and negligence to my services medical needs. I suffer multiple injuries on my Brain forehead due to 3 CRNP Causins refusal to provide accurate mental health treatment medication to prevent voices and banging head to deep hearing voices. I may have head concussion news for 3 previous serious series of head banging in past weeks. I told PRC, Deputy Prison Warden/Warden, Ms Spitzer, Perdnicks. But it was futile, turned to file grievance which I need. I want change what clearly had happened. I need.

Your grievance has been received and will be processed in accordance with DC-ADM 804, a Psych evaluation to determine what's wrong, 802 Form

3. List in Block B any action you may have taken to resolve this matter. Be sure to include the identity of staff members you have contacted.

A. Provide a brief, clear statement of your grievance. Additional paper may be used, maximum two pages (one DC-804 form and one one-sided 8 1/2" x 11" page). State all relief that you are seeking.

Beneficial to me, instead of constant entrapment. I was in a cell at Huntingdon under extreme harsh conditions, denied/delayed medical care in numerous ways due to staffing not available plus short of staffing members based on discussions at PRT. Ray told me it's not their fault, central office don't hire them more staff as Ray know they need in this facility. Also CRNP cousins isn't a physician. She's not qualified to administer medications or do physicals. I was denied meal trays for total of 3 days on about 3/19/18 plus denied access to medication which counted as refusal. Also lower medication compliance to below 90%, also after attending PRT on 3/19/18 exiting the room about 9:40 AM, I committed self harm bringing head to the floor and in the process on the floor due to suicidal feelings/hearing voices and being humiliated. I fell on camera. I was taken to POC medical observation and stayed until 3:15 PM. While in POC on 3/19/18, I in POC on camera I brought my head hand to down and raised contusions lumps on head. I took golf ball. I told cousins, I need medication due to depression increase hallucinations/paranoia to schizoaffective disorder symptoms. She still refuses to give me medication. Please God even if I'm seeing I need it. She is deliberate indifferent to my medical needs plus fail to properly recognize signs of serious mental illness and suicidal self-harm behavior. Bringing head down was medical observation treatment as well as psychiatric attention. On 3/19/18 7:40 AM she gave 17 officers order to remove me from POC and put me in Room D. A Pelican Republic Block in common cell where inmates are watched by camera officers in concrete cell block where I could continue self-harm.

B. List actions taken and staff you have contacted before submitting this grievance. I have been hitting head against metal concrete objects. CRNP cousins said she'll make sure my physical health/mental health deteriorate degenerate more so I won't be able to continue on my pending lawsuits and file suit on her plus she wants to damage my criminal proceedings by deluging my mental health to make me an criminal charges. LT Maxwell initiated filed on me on in July 2017. Now a best case conversation with LT Maxwell on 3/27/18 as she told me that CRNP cousins thinks me not serious ill plus she told me she told my D code so he could keep me in Room D.

Your grievance has been received and will be processed in accordance with DC-ADM 804. Since 2/27/17 and

DTU

This serves to acknowledge receipt of your grievance to the assigned Grievance Officer. The response is as follows.

Inmate Name:	Lamont Zamichieli	Inmate Number:	LW2870
Facility:	SCI HUNTINGDON	Unit Location:	GC1016- DTU
Grievance #:	728434	Grievance Date:	3/28/2018
Publication (if applicable):			
Decision:			
<input type="checkbox"/> Uphold Inmate		<input type="checkbox"/> Uphold in Part/Deny in Part	
<input checked="" type="checkbox"/> Grievance Denied			
<i>It is the decision of this grievance officer to uphold or deny the inmate's initial grievance. This response will include a brief rationale, summarize the conclusion, any action taken to resolve the issue(s) raised in the grievance and, relief sought.</i>			
Response:			
<p>Your grievance dated 3/28/2018 has been received and reviewed. You allege that CRNP Cousins, LPM Goss and PRT members acted deliberate indifference to your serious medical mental health needs of obvious "D" stability serious mentally ill inmate status of yours. Discriminated against you because qualified mental health disabilities schizo effective disorder, PTSD, Anti-Social Personality disorder, anxiety, ADHD, ext. Which you've been diagnosed since a child and required medication. CRNP Cousins knowingly intentionally maliciously discontinued your "Seroquel" psychotropic medication despite your constant complaints on needing it increased due to increased hearing voices and hallucinations etc. She stated her reasons for discontinuing it because your med compliance fell a little below 90%. First and foremost there's no reason for discontinuing it because your med compliance fell a little below 90%. In fact a lot of medical staff falsify documents in med files also due to medical employee Reihart administering wrong medication to you as making false misconduct reports including accepting meds from her based on advice of CRNP-Cousins, PSS Diehl. Because this nurse tried to poison you again...plus it creates more mental health symptoms <u>Paranoia</u> skeptical about accepting poison medications which are all symptoms of disabilities. So You are being denied access to mental health care because symptoms of disabilities. Plus CRNP-Cousins said she don't administer meds for sleep. When she asked you how was your sleep. You told her not good due to the increase of voices keeping you awake. She said you don't look like you need medication because you're in good at filing grievances/lawsuits on DOC employees. Based on those remarks it's believed to be done out of retaliation plus attempts to take your "D" code because she and PRT refuses to make recommendations for treatment they see and Know you need and would be beneficial to you. Instead of constant entrapment isolation in DTU at Huntingdon under extreme harsh conditions denied/delayed mental health care on numerous ways due to staffing not qualified plus short of staffing members based on discussions at PRT they told you it's not their fault Central Office don't hire them more staff as they know they need in this facility. Also CRNP-Cousins isn't a pharmacist... she's not qualified to administer medication or do psychiatrist duties. You indicate you were denied meal trays for a total of 3 consecutive days on about 3/18/2018 plus denied access to medication which was counted as refusals and lower medication compliance to below 90%. Also after attending PRT on 3/19/2018. In POC on camera you banged your head hard to door and cased contusions lumps on head size of golf ball. You told Cousins, you need medication due to depression increased hallucinations /voices due to schizo effective disorder symptoms. She still refused to give you medication prescribed even after seeing you need it. She is deliberate indifferent to your medical needs plus fails to proper recognize signs of serious mental illness and suicidal self-injurious behavior. Banging head requires medication prescribed observation and treatment as well as psychiatric attention. On 3/19/2018 at 0740 she gave Lt/officers orders to remove your from POC and put you in the rear "D". A regular population block in camera cell where inmates aren't watched by adequate officers in concrete cell/bed where you could continue self-harm bashing your head against degenerate more so you won't be able to continue on your pending law.suits and file suit on her plus she wants to damage your criminal proceedings</p>			

by destroying your physical health/mental health degenerate so you lose on your criminal proceedings by destroying your mental health to make you lose on criminal charges. Lt. Maxwell initiated filed on you on July 2017. Based on conversation with Lt. Maxwell on 3/27/2018 on DTU he told you that CRNP-Cousins thinks you're not serious ill plus he'll make reporting PREA Sexual Abuse Lt. Maxwell believes you're hallucinating sure she took your "D" code so he could keep you in the RHU long term knowing You have been in the DTU since 2/27/2017 and has deteriorated mentally increase voices, etc. You indicate you need specialized treatment evaluation. Head banging knocking self-unconscious is abnormal. You request all camera footage saved for court review!!! You request to be evaluated recommended for ICU on MHU SMU for mental health treatment. You request transfer to another DOC facility in the next 30 days. Relief in the amount of \$180,000 cash, re-prescribed Seroquel mental medication and increased dosage ASAP Please!

Upon review you were being seen by PRT and Ms. Cousins on 3/19/2018 when you became verbally abusive regarding the discontinuation of your medications and had to be removed from the room. Your compliance rate was not 90% it was 75.8%. The allegation that you were told by Ms. Cousins or Mr. Diehl not to take medications from LPN Reihart is denied. It is true that Ms. Cousins does not prescribe medications for sleep. However, she does explain that you can work through psychology of sleep hygiene to assist with this issue. Ms. Cousins denies speaking to you about any grievances or lawsuits. She did express that she explained to you why she felt medications were not appropriate for you. She also indicated that she did not discuss your "D" code status. In relation to your placement in the Rear D this is monitored housing and there is an officer posted in the area when any inmates are housed there. Ms. Cousins does not decide where inmates are housed. If she orders someone to be placed in observation status of course they are housed in an observation cell otherwise housing issues are decided by security. Statements you indicate were told to you regarding Central Office and staffing are also denied. As is any issue of falsifying medical documents if you take your medication it is marked as administered and if you refuse it is documented as a refusal. Your placement in an area where you cannot work on pending law suits is dictated by your behavior not Ms. Cousins. Upon interview of Lt. Maxwell he denies ever making any statement to you regarding Ms. Cousins or that he thought you were hallucinating. In regard to you banging your head you were assessed by nursing staff and the on call physician was notified of this. There is no evidence of you being denied trays for 3 days.

Your allegation against Ms. Cousins, LPM Goss and PRT members acting with deliberate indifference is without merit and is denied. You are not being discriminated against. Ms. Cousins has been honest with you in the regard of your actions and your medication needs. You are receiving mental health treatment which does not always come in the form of medication. You have routine contact with your psych specialist and other forms of treatment. I would request that instead of acting out when you have an opportunity to talk about your issues with PRT that you work on controlling your temper and this will make it much easier for them to listen to your needs without hostility and you being removed from the discussion. Your request to be evaluated recommended for ICU on MHU SMU for mental health treatment is strictly up to PRT and will not be awarded via a grievance. Your request for a transfer to another DOC facility in the next 30 days is also denied. Relief in the amount of \$180,000 cash, re-prescribed Seroquel mental medication and increased dosage via this grievance are denied.

<p>1. Refer to the DC-ADM 804 for procedures on the inmate grievance system.</p> <p>2. State your grievance in Block A in a brief and understandable manner.</p> <p>3. List in Block B any action you may have taken to resolve this matter. Be sure to include the identity of staff members you have contacted.</p>		
<p>A. Provide a brief, clear statement of your grievance. Additional paper may be used, maximum two pages (one DC-804 form and one one-sided 8 1/2" x 11" page). State all relief that you are seeking.</p> <p>According to LPM Goss, I'm not supposed to be evaluated/interviewed by CRNP causes because she's not a licensed psychiatrist plus I'm not on her case load, I'm on Doctor Xue's case load, a male psych doctor at SCI-Huntingdon. The only licensed psych doctor in huntingdon is for over 3000 inmates. I usually see doctor Xue monthly as check ins but lately CRNP causes been retaliating preventing me from being treated properly by Xue because he increase dosage of me when needed as requested but CRNP causes discontinued my meds to take my D code as plotted with by her/then it's a Maxwell conspiracy. CRNP causes took me off Doctor Xue's case load so that she herself could deny me treatment out of retaliation for pending lawsuits on Doc employees. CRPA / medical mental providers also because of grievances, I filed on her last year called in Jan. 2018 because her intention to take away my D code to deny me treatment and keep me in isolation long term, put me on RRL because she, Goss, Diehl, Kendrick, PRC stated I'm taking up space in DTU because other inmates need my bed. Also action of retaliation for filing this said grievance CRNP causes and she had medical employees file fabricated misconduct on me and had Maxwell set me up false misconduct on me see misconduct # D026893, D026887, D026879 and # D081101. To add more DC sanction to me to keep me in DTU/then isolation even longer adding about 6-8 months more DC time. I never requested medication for sleep help as I was on medication for sleep. But yes, the medical "separation" helps and decreases depression and stabilize my mood and decrease audio visual hallucinations voices in middle of night to help me sleep without voices depression keeping me awake all night.</p> <p>B. List actions taken and staff you have contacted, before submitting this grievance. Due to CRNP causes discarding my meds, increased voices depression mood swings etc causing me to be depressed and have to deal with voices keeping me awake at night. I was prescribed these meds for years to decrease the stress depression etc creates mental anguish. To be done my meds causes severe side effects adverse affects causing physical personal injury concussion lumps bruises on my forehead due to banging it due to voices depression. Another price in initial response misrepresent facts + put false facts.</p>

This response will include a brief rationale summarizing the conclusion and any action taken to resolve the issue(s) raised in the grievance and your appeal and relief sought.</i>			
Response:	<i>Frivolous</i>		
<p>In reviewing your grievance and appeal, I note that your following concerns were: Ms. Cousins discontinuing your Seroquel medication due to non-compliance, Ms. Cousins, LPM Goss and PRT members acting with deliberate indifference to your medical/mental health needs and D stability status, false report allegations, Ms. Riehart supposedly giving you wrong medications, Ms. Cousins making inappropriate remarks in reference to lawsuits/grievances, refusing to make recommendations for beneficial treatment, your POC commitment and head banging concerns, were appropriately addressed by CHCA Price. In your appeal, you claim the following: that Ms. Cousins maliciously discontinued your Seroquel, being housed on the DTU in isolation for over one year, Ms. Cousins deliberate indifference to your serious mental health issues and stability D status, PRT and Ms. Cousins cutting off your meds cold turkey, and lastly you claim Ms. Cousins is sabotaging you from seeing your regular doctor as retaliation for lawsuits and grievances filed against her.</p> <p>Upon reviewing the appeal I find that in reference to your medication being discontinued cold turkey, Ms. Cousins was not acting maliciously when she discontinued your Seroquel whereas while she was reviewing/utilizing your compliance rate records to make that determination you became verbally abusive with her and PRT and had to be removed from the room. She does admit she expressed to you why she felt medications were not appropriate for you and told to work thru psychology of sleep hygiene you if you had sleep issues and that mental health treatment does not always come in the form of medication. If you have issues or concerns with your medications you need to discuss them with PRT instead of acting out and losing your temper therefore they could actually listen to you and assist you rather than having you removed from the discussion.</p> <p>The grievance officer also explained that excluding observation cells your housing is dependent on your behavior and decided by security and not by Ms. Cousins.</p> <p>Furthermore Ms. Cousins denies your allegations that she is acting with deliberate indifference to your mental/medical health, stability D concerns or sabotaging you from seeing other doctors as needed. She also vehemently denies discussing anything in reference to lawsuits or grievances and denies your claim of retaliation in regards to them.</p> <p>In closing, I can only reiterate that I uphold the response provided by the grievance officer. Your grievance is found to be without merit.</p>

<p>I received my initial response from the Grievance Office Coordinator on 4/2/18 and have the following appeal issues.</p> <p>Relief: Save cameras / Records of behavior Relief: Remove CRNP causing distress Relief: Transfer to another PA DOC facility as I am claustrophobic next of day Relief: Transfer to another PA DOC facility as I am claustrophobic next of day Relief: Excluded by central office psychiatrist Relief: All Daylight suffer depression hear voices voices hallucinations and real suicidal ideation needs to treat me</p> <p>Refer to DC-ADM 804, Grievance Appeal Procedures, for complete instructions.</p> <p>Please provide a BRIEF (no longer than two pages) appeal statement.</p>				
<p>Appeal to FINAL Review # 728434 following Acts:</p> <ol style="list-style-type: none"> (1) I WAS NEVER Prescribed Medication for sleep and I didn't/don't request meds for sleep... I was prescribed "serenquel" psych meds for depression control and voices/hallucinations. (2) IM(SMT) Serious mentally ill inmate "D" roster mental health PA DOC stability. (3) Files diagnoses Major Depression, Schizoaffective Disorder, Anti Social Personality Disorder etc. (4) All ABOVE disabilities is qualified under ADA title II and III and Section 504 of RA Act and prohibits discrimination because of and denied services treatment programs because of disability. (5) Right to Psych medication treatment is a service IM eligible qualified for. (6) My medication-treatment was discontinued because of my associated symptoms of disability, behavior. (7) I was or Psychiatric medication for above disabilities plus receiving numerous of treatment since a child and even since I was admitted in PA DOC CSU/IC's annual screening at SCI Huntington. (8) I been in DMU/DMU isolation on DC disciplinary custody sanction since 4/18/17, about 14 months now and have DC sanction free until November 2019 which exceeds my maximum prison release sentence date by more. (9) I have the right to be free from mental/emotional Psychological Physical deterioration degeneration in isolation as established in Law of cases to support Beattie v. Anderson 564 F.2d 382, 403 (10th Cir. 1977) and LAMM IN case Law RAMOS U. LAMM 637 F.2d 559, 566 (10th Cir. 1980) Right to be free from mental Physical Psychological deterioration and avoid it and receive adequate treatment. (10) "Serenquel" is a form of med I was prescribed to control/treat major depression, control voices Hallucinations and Behavior associated with anti social Personality disorder. (11) I was prescribed medication treatment "serenquel" for years consecutive and only knew med to control symptoms of disabilities that was prescribed diagnosed disabilities in society as well as numerous of Psychiatric visits, be outside of Prison walls agreed act. Prison bond as treatment. (12) Medication to control Depression and voices Hallucination is Proper necessary treatment prescribed to avoid deterioration. (13) DMU at SCI Huntington inmates as myself (SMT) considered, are isolated in cells 22-23 hours a day and sometimes 24 hours when suffering depression suicidal thoughts! 				

2020
2020

See records/emails on letter to SSA of SSA Henthorn on 3/19/18 I feel depressed and suicidal and attempted to jump over the fence from the top of the DTU strip cage. I was held to wall cage. I was depressed and suicidal. I was changed here.

This shows level of de-liberate and deliberate delays denying me to speak to Psychiatrist Dr. Xue. There's 3,000 plus inmates in SCI Henthorn. Requiring treatment but allows only one part-time Psychiatrist.

my right to avoid deterioration is well established under the 8th amendment cruel unusual punishment and should not be discriminated against. Retaliation against CS CRNP-JESSICA CAUSINS + PRT members are doing violating 8th amendment of US constitution title II and III under ADA discrimination and title 5 title "U" coercion - Retaliation for Raising Right to Relief filing grievances to be equally treated as with 14th amendment right from mental emotional physical, a restraint. freedom Liberty. ON 3/19/18 CRNP-JESSICA CAUSINS discontinued my meds Psych meds "Seriquel" no valid cause plus didn't prescribe any other medication to control my depression symptoms & Schizophrenia disabilities. She didn't prescribe any substitute adequate treatment prescribed. She also Blame it on my behavior of acting out in anger. Distraction worried etc which are symptom associated with my qualified disabilities. She denied me treatment because of symptoms of disabilities not able to explain why I feel the way I feel, depressed. I have been without medication to control my disabilities symptoms for over 2 months. CRNP CAUSINS didn't do this to any other DTU (SMI) inmate but only me, to be singled out. Not being on meds to control depression I have diminished moods and no appetite to eat.

(15) CRNP. JESSICA CAUSINS IS NOT a Psychiatrist; she only a Psych Nurse CRNP. She's not qualified or should have duties to prescribe or discontinue any psychiatric medication or diagnose inmates. She's not licensed!!! Denied Access to Mental Health Staffing. I was told by CRNP CAUSINS and PRT members etc that it isn't their fault they are short of Mental Health staffing because central office won't hire them qualified number of Certified Licensed Staffing to help DTU or Mental Health facility. This facility isn't qualified to be considered "D" stability Mental Health Prison. See Henthorn accepts the money and contract signed by John Wetzel but chooses to keep the money for their staff instead of providing services using benefits funds to treat Mental ill inmates and hire sufficient amount of Staffing. Staff here keeps the money to have extra pay by doing jobs that belongs to other staff. This facility only has one part-time Psychiatrist. No full time Psychiatrist. The only Psychiatrist in facility SCI Henthorn is DR. Xue part-time.
